

Cookie Policy

This site is built to work without a wall of trackers. Written to the spirit of PECR and UK GDPR.

iDataMaze Limited

Company no. 13791456 · Cookie Policy · Reviewed 9 September 2026

We do not drop advertising cookies. We do not sell a browsing profile. Pages are served without a third-party chat, tag manager or analytics pixel.

What this site stores

Two small first-party stores exist, both strictly for the interface you asked for. They are not HTTP cookies from an ad network. Time on the page is counted in memory while the tab is visible. It is not sent anywhere.

Name	Where	Purpose	Kept
idm.desk.dismissed	Session storage	So the desk does not ask again this visit	Until you close the tab
idm.enquiries.v1	Local storage	Your notes, as written, so they are not duplicated	Until you clear site data
idm.enquiry.times	Local storage	Rate-limit, to blunt form abuse	About one hour

Consent

Strictly necessary storage for a form you chose to send does not need a cookie wall. If we add analytics later, they will be named in this table, they will be optional, and they will not

run until you say so.

How to clear them

Use your browser's site-data or cookies controls for this domain. That removes the preview copies of your notes on this device. It does not delete mail already received in a live inbox.

Personal data

How we handle names and emails is in the [Privacy Policy](#).
